

THURSDAY 30/9/2021				
	BALLROOM I	BALLROOM II		EPIDAVROS
09:00 - 11:00	REGISTRATION			
11.00 – 12:30	SESSION 1 Airway <i>Chair: D.Valsamidis – M.Kokkolaki</i> -Airway in the obese patient: is it still considered difficult in the modern era? M. Kondoudi - The latest guidelines for awake intubation K. Mendrinou - Prediction of difficult airway: does it matter? F. Kontoudi - Neuromuscular blockade in difficult airway management E. Stamatakis	SESSION 2 Bleeding – Transfusion <i>Chair: S. Lacoumenta - V. Nyktari</i> - Restarting antithrombotic therapy in the postoperative period: when and how? M. Ntalouka - The role of cell saver in elective surgery A. Panagiotou - Prophylactic use of tranexamic acid: when and how? V. Kyriakopoulos - The effect of red blood cell transfusion on the microcirculation P. Hatzaras		
12:30 – 13:00	INVITED LECTURE: Chair: A. Malissiova - P. Kouki Sustainable Anaesthesiology and management of anaesthetic gases B. Drenger			
13:00 – 13:30	INDUSTRY LECTURE- CSL Chair: E. Arnaoutoglou PCCs and anticoagulant reversal – bridging the gap between guidelines and bleeding management in clinical practice P. Stratigopoulou			
13:30 - 14:30	LUNCH BREAK			
14:30 – 15:15	PBLD 1	PBLD 2	PBLD 3	PBLD 4
15:15 - 15:45	INDUSTRY LECTURE - 3M Chair: F. Danou Prevention of inadvertent perioperative hypothermia G. Theodorakopoulos			
15.45– 16.30	PRO – CON1 Opioid-free Anaesthesia <i>Chair: A. Dimakopoulou, M. Papaioannou</i> Pro: G. Stefanakis Con: M. Spiraki	PRO – CON 2 Deep neuromuscular block is essential for patients undergoing laparoscopic surgery <i>Chair: H. Paloumbi, A. Karanika</i> Pro: A. Tsiftsi Com: P. Niforopoulou		Workshop 16:00 - 18:00 Managing the Difficult Airway in Emergency Situations Co-ordinator: A. Douma Instructors: A. Bairaktari A. Douma E. Stamatakis
16:30 – 17:15	INDUSTRY SESSION - Amomed Chair: P. Tzimas - Landiolol; Selectively targeting the heart rate D. Danassi - Arginine - Vasopressin in the prevention and treatment of perioperative hypotension A. Stathopoulos			
17.15– 17.45	COFFEE BREAK			
17.45– 19:00	Open Discussion Anaesthesiology in Greece in 2021: current challenges and expectations Moderator: P. Kouki Panelists: A. Malisiova - T. Asteri - E. Antonopoulou – A. Gouliava			
19.00	- OPENING CEREMONY <ul style="list-style-type: none"> • Official Greetings • Opening Lecture Public Health and Medical Insights into a Post-Covid World <i>Thomas J. Papadimos</i> - COCKTAIL RECEPTION			

FRIDAY 1/10/2021						
	BALLROOM I		BALLROOM II		NEMELI	EPIDAVROS
8:30 - 9:30	PBLD 6	PBLD 7	PBLD 8	PBLD 9	PBLD 10	
9:30 – 11:00	SESSION 3 Regional anaesthesia (in collaboration with ESRA - Hellas) <i>Chair: E. Stavropoulou, K Theodoraki</i> - Peripheral nerve blocks in patients with preexisting neuropathy A. Makris - How can I extend the duration of my peripheral blockade? E. Antonopoulou - Wound catheters for perioperative analgesia: tips and tricks V. Fyntanidou - Fascial Plane Blocks: what is the evidence for their use? E. Gliatis		SESSION 4 Intensive Care (in collaboration with EAEIBE) <i>Chair: G. Vasiliadou, K Arvaniti</i> Management of the septic paediatric patient in the ICU E. Volakli - Fluid administration in the ICU: restricted or liberal strategy? - Z. Aidoni Management of thromboembolic disease in the ICU - A. Lavrentieva Data Science and Smart ICU - V. Papaioannou		Selected publications	WORKSHOP 9:30 – 11:30 Mechanical ventilation in special situations Co-ordinator: V. Nyktari Instructors: V. Nyktari G. Stefanakis E. Diamantaki
11:00 – 11:30	INVITED LECTURE: Chair: T. Vogiatzaki- P Stratigopoulou New tools to assess fluid responsiveness T. Scheeren					
11.30 -12.00	COFFEE BREAK					
12:00 – 13:30	SESSION 5 Issues during the perioperative management of the cardiovascular patient <i>Chair: T. Asteri - K Romana</i> - Should aspirin always be continued perioperatively? E. Dimitriou - General or regional anaesthesia? E. Koursoumi - Newly- diagnosed cardiac diastolic dysfunction: does it matter? A. Stathopoulos - Risks and benefits of alpha 2 agonist administration S. Frantzeskaki - Should I monitor biomarkers perioperatively? P. Rellia		SESSION 6 Acute and chronic Pain <i>Chair: S. Douvli - L. Tefa</i> - Invasive techniques for pain management: sooner or later? E. Kouroukli - Improving postoperative analgesia: mistakes to avoid P. Zavridis - Postoperative analgesia in special groups of patients K. Tsirogianni - Patient with chronic pain in the emergency department E. Ketikidou		Trainees podium	WORKSHOP 12:00 – 14:30 Ultrasound-guided field blocks Co-ordinator: A. Makris Instructors: A. Rantis V. Stavropoulou E. Gliatis E. Garini
13:30 – 14:30	INDUSTRY SESSION - Santair Chair: P. Tzimas Patient Blood Management: must have or nice to have? P. Stratigopoulou, K. Stamoulis, B. Matta					
14.30 -15.30	LUNCH BREAK					
15:30 – 17:00	SESSION 7 Perioperative Medicine-Monitoring Chair: A. Douma, B Ourailoglou - High risk patient after general anaesthesia: PACU, ICU or continuous monitoring in the ward? A. Aretha - Protective ventilation from OR to ICU P. Pelosi - Blood pressure in the perioperative period what is the target? E. Argyriadou - pCO2 to assess haemodynamics: mind the gap T. Scheeren		SESSION 8 Obstetric anaesthesia Chair: M Klimi, E Evodia - Post dural puncture headache: current treatment G. Varvaroussi - Dural puncture epidural C. Staikou - Preeclampsia: an obstetric emergency from the viewpoint of: -the obstetrician Ch. Siristatidis -the anaesthesiologist G. Micha			SATELLITE CLINICAL WORKSHOP SANTAIR Monitoring Speaker: K. Katsanoulas
17.00– 17.30	INDUSTRY LECTURE – Edwards Chair: Th, Vogiatzaki Prediction of hypotension T. Sidiropoulou					
17.30– 18.00	COFFEE BREAK					
18:00 - 18:30	INDUSTRY LECTURE - MENARINI Chair: A. Vadalouka Acute pain managements – Perioperative patient preparation K. Theodoraki					SATELLITE CLINICAL WORKSHOP DRAGER Electronic Anaesthesia Record Co-ordinator: Th. Vogiatzaki Instructor: P. Chloropoulou
18.30– 19:15	PRO – CON 3 The videolaryngoscope should replace the classic laryngoscope? Chair: N; Palgimezi, K Katsanoulas Pro: A. Bairaktari Con: D. Valsamidis		PRO – CON 4 Intrathecal morphine administration for major surgery Chair: E. Vrachnou, A. Amaniti Pro: K. Papamichail Con: E. Koraki			

SATURDAY 2/10/2021				
	BALLROOM I	BALLROOM II	NEMELI	EPIDAVROS
9:00 – 10:30	SESSION 9 Covid – 19 Chair: P. Georgakis, V. Bekos - The pathophysiology of COVID-19 M. Bareka - Managing emergencies in the COVID era M Anagnostopoulou - New tools for the management of COVID-19 E. Bournaki - My experience during the COVID-19 pandemic: 5 take home messages C. Sykaras	SESSION 10 Pediatric Anesthesia Chair: G. Mammi, E. Kyrou - Patient blood management in children: anaemia, transfusion, management of acquired coagulation disorders E. Garini - Reliable haemodynamic monitoring in children: myth or reality A. Dendi - Children may also need vasopressors and inotropes P. Aroni - NECTARINE study: the results P. Chloropoulou	Selected scientific abstracts	Workshop 9:00 – 11:30 Point - of- Care Ultrasound (POCUS) Lung - Diaphragm Heart Airway - Stomach FAST Co-ordinator: P. Kouki Instructors: E. Soilemezi T. Saranteas G. Giannitopoulos P. Kouki
10:30 – 11:00	INVITED LECTURE: Chair: F. Danou - E. Arnaoutoglou Geriatric Anaesthesia: Key aspects to improve outcome L. Rasmussen			
11:00 -11:30	COFFEE BREAK			
11:30– 12:00	INVITED LECTURE: Chair: G. Kostopanagiotou- A. Papaioannou Increasing your chances of having your paper accepted. The editor's advice L. Rasmussen			
12:00 – 13:30	SESSION 11 Myths and Realities Chair: G Vogiatzis - T Sidiropoulou - Allergy to β-lactam antibiotics A. Karakosta - Synthetic colloids V. Galariotou - Oxygen administration in the perioperative period M Christofaki - Post-operative pulmonary complications: myth or reality P. Pelosi	SESSION 12 Education Chair: P. Matsota- A. Melemeni - Skill-based medical education: is it feasible? A. Papaioannou - Continuous education in anaesthesiology and recertification K Vagdatli - Accredited European Fellowship programmes: The Onassis Cardiac Center's experience T. Antoniou - New curriculum in anaesthesiology: the trainee's view A. Gouliava	Nursing Session The Anaesthesia Nurse in the ICU Chair: D. Mavroidi, C. Sikaras - The impact of COVID-19 pandemic on anaesthesia nursing K Zografaki - Assessment and management of dyspnea in COVID-19 patients F. Damigou - High flow Nasal Oxygen administration devices- nurse management E. Vasileiou - Non-technical skills M Stamopoulou Nursing abstracts	
13:30 – 14:30	SATELLITE SESSION - MSD Chair: P Matsota The clinical value of managing and reducing postoperative respiratory complications E. Arnaoutoglou - P Tzimas			
14.30 -15.30	LUNCH BREAK - GENERAL ASSEMBLY			
15:30 - 17:00	SESSION 13 Safety and quality in anaesthesia Chair: A. Anastasiou- E. Mavrommati - Quality indices in anaesthesia D. Mavroeidi - The role of technology in patient safety: improvement or burden? C. Vaiopoulos Problematic professional relationships: do they affect the safety and quality of provided health care ? D. Liotiri - The role of clinical auditing in patient safety G. Giannitopoulos	SESSION 14 TIVA or inhalational anaesthesia Chair: A. Kolotoura - C. Karanastasi - for the cancer patient? S. Pouloupoulou - for the cardiac patient? A. Lola - for the neurosurgical patient? G. Tsaousi - for the paediatric patient? K. Patris		Workshop 15:30 –17:30 Perioperative management of patients on antithrombotic and antiplatelet therapy Co-ordinator: P. Stratigopoulou Instructors: Calatzis A. Calantzi L. Bareka M. Niktari B. Stamelos M. Stefanakis G. Schizas D.
17.00– 17.30	INDUSTRY LECTURE - GE Protective mechanical ventilation P. Pelosi			
17.30– 18.00	COFFEE BREAK			
13:00 - 13:30	INDUSTRY LECTURE - Brain Therapeutics Chair: F. Danou Introducing new drugs in Greece SINORA / Noradrenaline PTU (Ready To Use) & Noradrenaline concentrated - BIORPHEN / Phenylephrine (Ready To Use) K. Theodoraki			
18.30– 19:30	Open Discussion Providing anaesthesia for children in the General Hospital Moderator: E. Garini Panelists: P. Patsota - G. Mammi - S. Douvli - E. Koraki			
CLOSING CEREMONY – AWARDS
